

PLAN FOR MONDAY AND FRIDAY FOR 12TH PASS BATCHES**Test will be of 1hr and 30 min****Test timings & Venue will be intimated through weekly timetable**

DATE	PHYSICS	CHEMISTRY	MATHS
Test - I Friday (19.10.2012)	Kinematics, Equilibrium of forces, Laws of motion, Work, Power, Energy	Atomic structure and Chemical Bonding	FN, LCD, AD
Test - II Friday (09.11.2012)	Conservation of momentum, Rotational motion	Chemical equilibrium, Ionic equilibrium and Chemical kinetics	I I, DI, A, DE
Test - III Monday (26.11.2012)	Heat and Thermodynamics, Electrostatics	General Organic Chemistry(GOC), Isomerism and Electrophilic Aromatic Substitution Reactions(EAS)	SL,C,P
Test - IV Monday (10.12.2012)	Current electricity, Magnetism	Hydrocarbons, Alkyl halides, Alcohols, Ethers and Phenols	E, HY, QEE, PS
Test - V Monday (24.12.2012)	Electro magnetic induction, Alternating current, Gravitation	Aldehydes and Ketones, Carboxylic acid and derivatives, Amines, Biomolecules, Stoichiometry and Gaseous state	CN, BT, PC, PRO
Test - VI Friday (18.01.2013)	Fluids, SHM, Waves and Sound	Electrochemistry, Liquid solutions, Atomic structure, Solid state, Thermochemistry and concepts of Acids and Bases	DE, MAT ,V, 3D
Test - VII Monday (28.01.2013)	Geometrical optics, Modern physics and General physics (error etc.) Wave optics	Transition Elements, Qualitative Analysis, Ores and Metallurgy and Preparation and Properties of Compounds	TRI, TE, ST
Test - VIII Monday (04.02.2013)	full syllabus	full syllabus	full syllabus
Test - IX Monday (11.02.2013)	full syllabus	full syllabus	full syllabus
